

## **Indesign Announces 10th Anniversary Celebration – November 1996- November 2006**

*Indianapolis-based engineering firm, Indesign, LLC, announced it has just celebrated its 10<sup>th</sup> anniversary.*

Indianapolis, IN - November 27, 2006 -- Indianapolis-based engineering firm, Indesign, LLC, announced it's 10<sup>th</sup> year in business.

Indesign, LLC, is an engineering design services company that develops high-tech electronic products for a broad customer base.

Indesign, LLC is celebrating the 10<sup>th</sup> year as one of the premier embedded software design and development engineering firms in the country. Established in 1996 by a group of former AT&T/Bell Labs engineers, the engineering firm Indesign, LLC has consistently brought quality design and development of engineering services to its long list of clients. Indesign has worked for more than 100 clients ranging from start-up companies to Fortune 100 companies representing a cross section of consumer, commercial, military, and medical products and applications.

Indesign is dedicated to its continued success by offering state of the art design and development to their customers through innovative concepts and design of comprehensive engineering design services for embedded electronic products and systems. These services include electrical circuit design, RF, software/firmware design, mechanical design, testing/validation services, project management and a host of other services dedicated to the development of electronic products and solutions.
